YOUR SHOW!**

Traumatic Arts Entertainment

Welcoming Guests

- *STROLLING / WALKING TABLE*
- *AERIAL CHAMPAGNE POURING*
- *CHARACTER GREETERS*

[CLICK FOR VIDEO](#)

Strolling / Walking Table

A beautifully costumed performer integrated into an elegant mobile table, perfect for greeting guests with welcome drinks. Can be themed to match the event: glamorous, futuristic, vintage, fantasy etc.

Technical information:

- Strolling table dress has up to 28 glasses of champagne or wine and walking tables have 15 shooter glasses.

Technical rider:

- Strolling table needs a flat space for moving (no stairs or similar), and is 1,2 m wide (information necessary for moving through the space)
- Both animations need backstage

Duration of the animation:

1 x 60 min, or 2 x 30 min

Aerial Champagne Pouring

An animation performed by an aerial artist.

For this occasion we suggest the chandelier-style apparatus. This animation adds an extraordinary "wow factor" and sense of luxury. Champagne pouring is available also with other apparatuses, dependable on the event theme.

Technical rider:

We use our aerial rig if necessary, which is 7m high.

In this case:

- 7,3 height of the space
- 30 m² free floor space for this rigging point

If the venue has conditions for aerial:

- minimum of 6 m height
- rigging point 500 kg capacity
- 4m diameter free space around this rigging point

Duration of the animation:

- 1 x 15 min

Character Greeters

Interactive performers who embody the event's theme: statues, Charlie Chaplin, mermaid etc. Ideal for guiding guests, posing for photos, or providing playful interactions.

Technical rider:

- backstage

Traumatic Arts Entertainment

Interactive Animations

- *FIRE ANIMATION*
- *DANCE ANIMATION*
- *CONTACT BALL ANIMATION*
- *STILT ANIMATION*
- *ILUSIONIST ANIMATION*

[CLICK FOR VIDEO](#)

Fire Animation

Dynamic fire performers control the flame close to the audience. Includes fire palms and flame manipulation. Creates thrilling visual moments while remaining safe and controlled. Ideal for outdoor events, nighttime celebrations, and dramatic entrances.

Technical rider:

- fire protection needs to be turned off
- backstage

Duration of the animation:

- 1 x 15min

Dance Animation

High-energy dancers performing short sets and afterwards encourage guest engagement, inviting them to join the dance floor.

Technical rider:

- 5 x 6 m² stage
- backstage

Duration of the animation:

- 1 x 15 min

Contact Ball Animation

Mesmerizing crystal-ball manipulation performed up close. Hypnotic illusions of floating, gliding, and impossible balance.

Technical rider:

- backstage

Duration of the animation:

- 1 x 15 min

Stilt Animation

Tall, eye-catching characters moving among guests, available in fantasy, elegant, LED, or themed costumes. Ideal for photo opportunities, parades, or welcoming guests. This animation adds personality to any environment.

Technical rider:

- backstage

Duration of the animation:

- 1 x 60 min or 2 x 30 min

Illusionist Animation

Technical rider:

- backstage

Duration of the animation:

- 1 x 45 min
- 2 x 45 min

(aerial champagne, strolling table and walking table animation).

Traumatic Arts Entertainment

Aerial Show

Our performers deliver powerful and elegant shows using a wide range of aerial disciplines, such as: aerial silk, lyra, aerial fire lyra, spiral, diamond, DNA, moon, cube, sphere, rope, trapeze, straps, multi corde and lolipop.

Beside using props, our aerialists perform vertical dance transforming walls, buildings, and aerial space into a living stage. Vertical dance technical requirements are individually inspected by our rigger.

From fluid, poetic movements to dynamic, high-energy sequences, our aerial acrobats transform any space into a vertical stage. Shows can be tailored to suit any special occasions indoors or outdoors. It is important to point out the possibility of using our aerial rig, or lolipop stage in case of lower ceiling.

[CLICK FOR VIDEO](#)

Aerial Show Details

Technical rider:

- Required height: minimum of 5 m or 7,5 m in case of aerial rig usage
- Required space size: diameter of 4 m from the position of the prop or for rig usage: 30 m² floor space
- Additional requirements: beam or structure with a load-bearing capacity of 500 kg (not necessary if using the aerial rig)

Duration of the show:

5 - 7 min per artist / longer aerial shows available upon request (these longer type shows include 2 or more aerial artists)

We recommend:

Aerial duo show

- Includes: aerial champagne intro (15 min), 2 aerial solo performances (2 x 5 - 7 min) on different props and one duo on aerial lyra or aerial fire lyra (1 x 5 min).

Traumatic Arts Entertainment

Fire Show

Ignite the night with a spectacular fire show.

Our fire artists deliver performances that blend dance moves, acrobatics and visual intensity. Using an impressive range of fire disciplines and props—fire poi, fans, staff, sword, fire hula hoop, candles, crowns, fire wings, fire sticks, umbrella, and aerial fire lyra—each act creates a striking fusion of movement and flame.

Our artists also perform controlled fire breathing and fire eating, adding the thrill moments to the whole show.

[CLICK FOR VIDEO](#)

Fire Show Details

Technical rider:

Ensure there are no easily ignitable objects in the performance area.

Required space size:

- Depends on the number of artists and the fire prop used: usually 30 m² for 2 fire performers or 50 m² for three fire performers
- Backstage
- Weather conditions: it is necessary that it is not too windy and not raining
- Suggested time: evening, night time
- If there is smoke alarm in the space, it needs to be turned off

Duration of the show:

Program duration: usual act lasts up to 5 - 7 min but is available to last up to 20 min

Program options: solo performer, duo fire show, multiple artist fire show (up to 7 fire performers)

We recommend:

Fire show of 4 artists

Includes: 2 dancers with fire fans, 1 fire performer with umbrella and fire wings and 1 acrobat with fire sword. This act lasts for 10 minutes, and it includes fire swallowing and blowing. Beside this act, during the event we also perform fire animation for 15 min and dancers act with candles and crowns (5 min)

Traumatic Arts Entertainment

LED Show

Illuminate your event with LED dancers and acrobats!

Using glowing props such as: LED wings, fans, hula hoop, poi, staff, meduse, LED cubs, PIXEL poi or staff, and LED aerial: cube, lyra, DNA, moon and diamond. Each act transforms light into motion by using illuminated props and costumes: LED stilts, LED ballerina, mirror costume (reflecting the light).

Our LED shows are fully adaptable to suit multiple occasions such as: festivals, corporate events and theatrical productions.

There are up to 10 LED artists who do these visual performances and also stilt performers who are a great choice for welcoming guests into this illuminated journey.

[CLICK FOR VIDEO](#)

LED Show Details

Technical rider:

- Available space : depends on the number of artists / 30 m² for 2 artists or 50 m² for 3 or more artists
- Space that can be darkened
- Backstage

Duration of the show:

Program duration: usual act lasts up to 5 - 7 min but is available to last up to 10 min
Program options: solo performer, duo LED show, multiple artist LED show (up to 10 LED performers)

We recommend:

LED Lumina show of 4 artists

Includes: 2 dancers with LED fans, a LED ballerina, 1 acrobat who performs with LED staff performer.
Program duration: 7 min

Traumatic Arts Entertainment

Acrobatic Show

This performance brings together three acrobats and a dancer in a fusion of balance, dance, acrobatic elements and expressive choreography. Through dynamic partner work of acrobalance, fluid transitions, and moments of “wow” considering the high level of acrobatic skill, the performers create a unique and dynamic show perfect for any occasion!

Perfect for corporate events and special occasions, the show can be adapted to different spaces and themes, offering a memorable experience which connects the art of acrobatics with the art of dance.

Includes: Multiple shows during the evening, dependable on the event theme. Chairdance show, feather show, Martini glass burlesque style and dance animation (chairdance topic).

Traumatic Arts Entertainment

Special Props & Effects

- *LOW FOG MACHINE*
- *COLD SPARK MACHINES*
- *HUMAN SNOW GLOBE*
- *LOLLIPOP*
- *AERIAL RIG*

[CLICK FOR VIDEO](#)

Low fog machine (using dry ice)

Low fog machine create dramatic effect without filling the entire room with haze.

Typical uses include:

- First dance at weddings or special dance floor effects
- Stage shows, concerts, DJ events
- Photography and film sets for atmospheric shots
- Nightclub and themed parties

Cold spark machines

Effects device used at events to create spectacular fountains of sparks that look like fireworks but are much safer. They produce cool-to-the-touch sparks without flame, toxic smoke, or the heat and hazards of traditional pyrotechnics.

Along with special props, we also use our light and system.

Human Snow Globe

Our signature human snow globe is a large inflatable bubble designed for one-of-a-kind performance usually used for acrobats, dancers in a LED option.

Mostly popular for winter occasions.

Technical information:

- Needed space 6m diameter
- Plug in for electricity

Lollipop

The Lollipop provides aerial performance platform ideal for indoor or outdoor events. Designed for visual impact and safety, it supports customized aerial acts perfect for venues which do not have sufficient heights.

Technical information:

- Space of 20 m² for positioning the lollipop stage
- Minimum height of 3 m
- Backstage

Aerial Rig

Technical information:

Two possible heights 5,5 m or 7 m
30 m² available space for setting up the rig

Price range:

Included in the offer if hired along with aerial artists.

Cultural Performances

■ *INSPIRANTICA*

■ *A FOREST WITH THREE PINES*

[CLICK FOR VIDEO](#)

Traumatic Arts Entertainment

Inspirantica

This family show features five performers in a visually rich program inspired by ancient Greek mythology. Drawing from the world of Dionysus, the performance brings to life magical forest creatures that embody joy, nature, and transformation. A blend of aerial dance (silks and hoop), acrobalance, and fire performance, artists create a celebration of life, movement, and the natural world.

Designed to delight both adults and children, this family show combines spectacle, storytelling, and artistry, making it an ideal feature for festivals, cultural events, and outdoor celebrations.
